Welcome- Quorum call

(Lynda)

6:38

- Approve minutes from 4.29.25 (Lynda approved the minutes and Cynthia seconded)

6:41

Treasurer report. (Cynthia)

- Cynthia reiterated the process of how we get funds from TPNA for Jim, a possible new member. TPNA continues to reach out to the city for Grants and donations for neighborhood activities.

6:44

- Neighborhood Forum 6.14.25. I'm scheduled to go. Anyone else? Who can go? It is at Renton community center. Anna, Bill and Cynthia cannot go. Lynda will attend alone.

(Lynda)

6:47

Juneteenth next year? LaTonya Rogers would like to do a Juneteenth celebration next year.

(Lynda)

- She is requesting to join with TPNA because she would like to use the TP building. This requires insurance, possibly $250, which requires the request coming through TPNA. She said that she will pay for the insurance. An idea would be to include a request in 2026's grant to cover the insurance.
- Will ask about opening it up to the neighborhood.

- Who will be driving it? We will have to participate. We will need to participate in clean up.

6:51

GCP Park: (Lynda)

A big thank you to Bill and Dave for fixing the kiosk!

Question: Do we want to leave the back side the way it is with only one roof panel? Bill and Dave will fix the back side soon. A questions came up about if we need to mark the edge of the roof for safety so no one bumps their heads. We will go up and take a look.

- In May, get more chips. Set date for another chip spread party. Chips not ordered yet. Lynda will investigate this in June.
- Get more neighbors involved. James Kercher is interested.
- Get a grant: Mower for the summer?
  Include $500 in this year's grant to give to GCP mower: Colleen Gauthun
- Discussed how to get a separate grant to pay Colleen, or include the request in the current movie night grant.

• Replace tree (maybe?), plant heather, and bulbs. We discussed replacement of the tree that was lost from last year's storm as shade is needed for the table in the park.

• Professional pruner: access plant health. Cynthia will ask her contact, Gabriella, from the city, if that is something she can help us with.

- Gravel needs to be replenished to keep down weeds: where is a good place to get gravel, and what type? We will discuss this later at another meeting.

• Cut stumps? What do you think? Can we take this on? Lynda will ask Rhemy if the city has someone who can remove the stump.

• Clean graffiti, Treat wood (Lynda will do sometime.)

• Power wash the tables. (I'm not sure about a power source. I have a power washer.) To be discussed at another meeting.

Discussed was that GCP belongs to SPU, Seattle Public Utilities. They have water pipes under the park. They require that no poisons be sed at the park.

- Lay down cardboard that Bill suggested laying down? How do we do that? We will look more into this for the future.

- Replace updated Membership form in kiosk with updated one. Add QR code. Dave has updated the membership form online. Lynda will add the QR code and place in Kiosk.
- Does Cynthia have a connection to Lindbergh youth who need community service? There is a source, Angie that can possibly help. Trellis getting cleaned up would be a good job for kids needing community service. There is a 2x2 that needs to be fixed and staining it was discussed.
- Jim will go up to the park to check out what needs to be done. He enjoys gardening and is willing to help.

7:17

- Garage Sale: June 20-22, 2025. Lynda still needs to put up the signs in early June to let folks know.

7:18

Movie Night: August 15th at 6:30pm

- Grant still needs to be finished.
- Ask Rhemy about asking for a $3 donation, possibly have people donate $1.00 for gelato.
- Invite people to dress in costumes.

7:25

Social Media: (Lynda)

- Facebook/Nextdoor: Lynda added the Tiffany Park building address.
- Did we Email a notice about our steering committee meeting to the Email list? Did all the Emails we collect work? *No, we do not want to host people we don't know at our homes. When we have a work party or our annual meeting, we should send out an email to everyone on the list.
- How many Steering Committee members can we have? I assume they must be voted in. *Up to 13 (not totally sure) Lynda will check the bylaws. Yes, they must be voted in.

7:37
